GUTTER DOPE

VOL 56 NO 24

~~JAN 20~~, 1956
FEB 3

SAN ANTONIO RADIO CLUB

MEETING

At the time of printing there was no program scheduled-----so just come to club and we will discuss the current problems.

TIME---8:00 PM February 3, 1956
PLACE--Woodlawn Lake Clubhouse
(Cincinnati Ave., just west of Zarzamora)

Transmitter Hunts

Talk about tricky ! ! ! Cole,DKF, really had a tricky place to hide the transmitter. Most of the hunters kept running onto each other. It was hid back of a Mission, south of Berg's Mill. E.C.? W5FQA, was first, Ralph,THU, was 2nd and Willard, FND, was 3rd. There will be another hunt Sunday February 5, at 1:30. Meet at south end Olmos park.

MOBILE CONTEST

Gene, W5EJT, wants to remind you of the mobile contest to be held on February 19, time and place to be announced later. Points will be given for the best receiver installation and the best transmitter installation, commercial or home built. The installation is what counts, the actual type of equipment will have no bearing on the points. Gene has several good prizes lined up for the winners

---

SPECIAL

MEETING

There will be a special meeting in April, when the incomparable John L. Reinartz, K6BJ, will give a talk on "Instrumentation in the Ham Shack". Mr. Reinartz, who is associated with Eitel-McCullough, Inc., always delivers a very interesting and special message as any one who has ever heard can readily testify. Let's spread the word around and have a GOOD meeting

---

GUTTER SWEEPINS

Theo, W5OZQ, has his new loop with sense antenna working FB, also has his new mobile receiver in operation----E.C., W5FQA, used his new SX-100 receiver on the transmitter hunt, with a PE-108 for power, in the back of his pick-up----Willard, W5FND, recently installed a dynamotor for his mobile----Lamp, W5JLW, was heard mobile a couple of weeks ago (ya oughta do it more often)----Carl, W5HFG, was caught listening on 10 meters last Sunday, with his Tri-band receiver----Got any surplus equipment to donate to the youth club----
